

**Mini Bus Service
Parental Contract**

Please note that your daughter's mini bus route is subject to change.

As much notice as possible will be given, however there may be an operational need to alter the route during the year.

Morning Pick – ups

Consideration must be given to all pupils using the service.

It is essential that your daughter is punctual for her pick – up time.

Afternoon drop offs

In the afternoons your daughters must be on their allocated mini bus at least 5 minutes prior to departure. Allowing the driver time to ensure all pupils are securely fastened into their seatbelts and no one misses their transport home.

In the event that your daughter is late for the bus, the driver will have no alternative but to leave without her.

Please discuss with your mini bus driver prior to proceeding with the transport of any large musical instruments. Where a bus may be full, the inclusion of additional luggage could block exits and be inconvenient and problematic in the event of an emergency.

Travel Sickness

Pupils are not permitted to sit in the front of the mini bus with the driver, unless a notice in writing is received from parents/guardians stating that your daughter has a motion sickness problem.

Cancellation

A full terms notice must be given to cancel your daughters' place on the bus.

I have read and understood the Mini Bus Parental Contract, as above
